- Completed NACHI's Code of Ethics Course
- Nationally Accredited School of Home Inspection Certification
- Passed NACHI's Standards of Practice Exam
- 25 years Construction Experience
- 10 years Real Estate Experience

Our Promise to You

Choosing the right home inspector can be challenging. A quality home inspection requires the right equipment, a concentrated attention to detail, and an in depth knowledge of home structures and systems, all while maintaining the flexibility to meet your deadlines. JJ and Suzanne combine their experience and skills to ensure you get the thoughtful inspection you deserve. We provide instant computerized reports on-site, and provide two fully licensed and bonded inspectors at each appointment, saving you valuable time in the inspection process. By permitting us to inspect your home, we guarantee that you will get a team that cares about your inspection.

COURTEOUS, PROFESSIONAL, HIGHLY TRAINED AND KNOWLEDGEABLE INSPECTORS

Certified Top Notch Inspectors

JJ & Suzanne are both highly skilled inspectors, working as a team for more *time efficient* and *thorough* inspection.

JJ has 25 years experience in the construction of fine homes. His knowledge gained by actually building homes is invaluable. Understanding the systems and structures in homes benefits every inspection.

Suzanne has been making Real Estate transactions run smoothly for more then a decade. Whether buying or selling, her experience of all phases of the process, combined with her professionalism and attention to detail brings exceptional value to the inspection. Understanding the demands of real estate gives us the edge in dealing with buyers, sellers, agents and lenders.

Latest in Electronic Equipment

means easy to read, accurate reports, and **value to our customers**

We use precise diagnostic equipment to detect problems and advise on how to correct them. Some of these include:

Flammable Gas Detector to locate natural gas, propane and other dangerous combustibles
Moisture Meter to detect moisture under floors and behind walls

Fluke Digital Multimeter instead of just an outlet tester, a multimeter will give a much better indication of your electrical systems condition

Computerized reports are easy to read and we email you a copy for your records also

FLEXIBLE APPOINTMENT SCHEDULING
